Chief Administrator  
10 West 35th Street  
Chicago, Illinois 60616

We have patiently waited while urging you Chief Administrator to come forward with the results of the Independent Police Review Authorities investigative conclusion against Area One, Two and Three Detectives, namely Kenneth Boudreau, James O'Brien, John Halloran, Anthony Maslanka, John Paladino, Michael Kill, Michael McDermott, George Karl, Angelo Pesavento and other Jon burge Cronies.

We are aware that your Office reopened closed investigations against these and other Deterctives, and interviewed old and new victims of these Detectives.

The alleged Detectives involved in torture, whose actions resulted the death investigation of Reginald Cole and approximately 35 exonerations by DNA Evidence, Expert Witness testimony, Recantation, etc., following 1990 have been investigated for misconduct at the hands of these Detectives, but the results of such investigations have not been forthcoming.

All cases of Wrongful Convictions, Acquittals, Want of Prosecution, along with the longstanding allegations of torture by men; or men implicated by torture victims still incarcerated must be forthright and forthcoming.

Upon establishing the IPRA the Public was told that investigations would take six months. We acknowledge that an investigation of a large number of Stone Walling Detectives might take longer, we nevertheless, expected your Office to recommend some disciplinary action by now against Detectives that framed innocent men freed on DNA Evidence and other exculpatory evidence interwoven with torture allegations.

Discipline must be handed down and lawful internal and administrative action must be taken to recoup Justice for torture Victims and Tax Payers who have shelled out Millions of Dollars protecting Jon Burge's Cronies, settling law-suits against the City and said Detectives. Also tax payers continuously foot the bill for the operation of IPRA which had not shown itself approved remedy.

The aforementioned Detectives we believe have been involved in abuse for more than 23 years. We trust that your Office will foreclose their possession of the honor and integrity of the Chicago Police Department. Justice has not been rendered!!!!

Sincerely,

To: Ilana Rosenweig  
Chief Administrator  
10 West 35th Street  
Chicago, Il. 60616

We, the undersigned urge you Chief Administrator to come forward with the results of the Independent Police Review Authorities investigation against the Area One, Two and Three Detectives namely Kenneth Boudreau, James O'Brien, John Halloran, Anthony Maslanka, John Paladino, Michael Kill, Michael McDermott, George Karl, Angelo Pesavento and other Jon Burge cronies.

We are aware that your office re-opened closed investigations against these detectives and interviewed old and new victims of these detectives.

The alleged Detectives involved in torture following 1990, resulting in the death investigation of Reginald Cole (who we believe was murdered with James O'Brien's gun) and over 35 exonerations by DNA Evidence, Expert Witnesses, Recantations, etc, has not been investigated for misconduct at the hands of the aforementioned Detectives. All cases of Wrongful Convictions, Acquittals, and Want of Prosecution on behalf of the People of the State of Illinois must be investigated along with the longstanding allegations of torture by men that remain incarcerated.

Upon the establishing of the IPRA the Public was told that investigations would take about 6 months. Acknowledging that an investigation of a large number of Detectives might take longer. We nevertheless expect for you to recommend disciplinary action against the Detectives involved in torture that resulted in convictions that were ultimately overturned based upon DNA Evidence etc. Because it is clear that those men were framed. Please do not lose our confidence by conducting your Administration in a way that OPS done.

Discipline must be handed down and lawful action must be taken to recoup Justice for Torture Victims and Tax Payers who have shelled out Millions of Dollars to protect Burges's Cronies and settle lawsuits against the Detectives and the City of Chicago. Justice has not been served.

Sincerely,

Date:

We, the undersigned urge you Chief Administrator to come forward with the results of the Independent Police Review Authorities investigation against the Area One, Two and Three Detectives namely Kenneth Boudreau, James O'Brien, John Halloran, Anthony Maslanka, John Paladino, Michael Kill, Michael McDermott, George Karl, Angelo Pesavento and other Jon Burge cronies.

We are aware that your office re-opened closed investigations against these detectives and interviewed old and new victims of these detectives.

The alleged Detectives involved in torture following 1990, resulting in the death investigation of Reginald Cole (who we believe was murdered with James O'Brien's gun) and over 35 exonerations by DNA Evidence, Expert Witnesses, Recantations, etc, has not been investigated for misconduct at the hands of the aforementioned Detectives. All cases of Wrongful Convictions, Acquittals, and Want of Prosecution on behalf of the People of the State of Illinois must be investigated along with the longstanding allegations of torture by men that remain incarcerated.

Upon the establishing of the IPRA the Public was told that investigations would take about 6 months. Acknowledging that an investigation of a large number of Detectives might take longer. We nevertheless expect for you to recommend disciplinary action against the Detectives involved in torture that resulted in convictions that were ultimately overturned based upon DNA Evidence etc. Because it is clear that those men were framed. Please do not lose our confidence by conducting your Administration in a way that OPS done.

Discipline must be handed down and lawful action must be taken to recoup Justice for Torture Victims and Tax Payers who have shelled out Millions of Dollars to protect Burges's Cronies and settle lawsuits against the Detectives and the City of Chicago. Justice has not been served.

Sincerely,

## McCall v. Devine

8/30/2002

ition stated that this relationship has formed as a result of the fact that "well over 90% of the criminal cases prosecu Cook County State's Attorney's office have been investigated and brought to the Cook County State's Attorney's office police officers."

Additionally, McCall's petition alleged that certain unknown Chicago police officers, assistant State's Attorneys and medical examiners conspired to conceal, distort and fabricate the circumstances surrounding Cole's death. In support of that assertion, McCall asserts that Cook County assistant State's Attorneys and Cook County medical examiners are not normally called to homicide to investigate, and it is not their duty or responsibility to investigate the facts and circumstances surrounding

The petition also states that representatives of the Chicago police department publicly provided false and contradictory versions of these circumstances. In support of that assertion, McCall cites to five Chicago Tribune articles and comments. The alleged versions were summarized by the trial court as follows:

"In the first version, set forth in the commentary of Salim Muwakkil, November 8, 1999, the writer notes that first account of the incident reported 'that the 38 year old Cole was shot by officers when he allegedly attacked them during a mysterious interrogation at the Wentworth Headquarters.'

In the second version, reported in the Chicago Tribune by Lisa Donovan and Jeffrey Bliss, October 31, 1999, the writer states that Cole 'was shot and killed inside an interview room...after he allegedly attacked a detective , that Cole was shot in the abdomen...there was a struggle and the offender was shot.'

In the third version, which lacks attribution, Cole grabbed a metal paper spindle and struck the detective , that Co

detective's gun from his holster and then shot at the detective as he was fleeing from the room, that two other detectives witnessed the incident returned the fire, striking Cole and that Cole then turned the gun on himself and inflicted one to the head area.

In the fourth version reported in the Chicago Tribune by Margaret O'Brien and Naomi Dillon, November 1, 1999, according to Wentworth Area Commander Frank Trigg:

'Cole grabbed a seven-inch paper spike...and lunged at the detective ...that while the two were struggling, Cole grabbed the detective's gun ripping the holster strap in the process...Cole then fired at the officer but missed. A second detective office heard the shot, came to the door and fired at Cole, who was crouched against a cabinet and pointing a gun at the room....After the shot missed Cole, the second officer took cover behind the door frame as the first officer took cover on the floor. A third shot was then heard...that police believe Cole put the gun in his mouth and shot himself in the head...that third shot, Cole was still crouched at the file cabinet with his gun pointed toward the door. At that point, another detective came to the door and shot Cole in the left side of his torso, after which Cole slumped to the ground.'

In the fifth version, set forth in another Chicago Tribune article by Monica Davey, December 1, 1999, the writer reported according to police spokesman Pat Camden:

'About 7:00 p.m, on October 30, at Wentworth, 5101 South Wentworth Ave., Cole asked the detective who was questioning him to be moved from an ordinary interrogation room to somewhere that he couldn't be overheard. After moving to a small room, Cole grabbed a 7-inch paper spike intended for use as a weapon.'

We have patiently waited while urging you Chief Administrator to come forward with the results of the Independent Police Review Authorities investigative conclusion against Area One, Two and Three Detectives, namely Kenneth Boudreau, James O'Brien, John Halloran, Anthony Maslanka, John Paladino, Michael Kill, Michael McDermott, George Karl, Angelo Pesavento and other Jon Burge Cronies.

We are aware that your Office reopened closed investigations against these and other Deterctives, and interviewed old and new victims of these Detectives.

The alleged Detectives involved in torture, whose actions resulted the death investigation of Reginald Cole and approximately 35 exonerations by DNA Evidence, Expert Witness testimony, Recantation, etc., following 1990 have been investigated for misconduct at the hands of these Detectives, but the results of such investigations have not been forthcoming.

All cases of Wrongful Convictions, Acquittals, Want of Prosecution, along with the longstanding allegations of torture by men; or men implicated by torture victims still incarcerated must be forthright and forthcoming.

Upon establishing the IPRA the Public was told that investigations would take six months. We acknowledge that an investigation of a large number of Stone Walling Detectives might take longer, we nevertheless, expected your Office to recommend some disciplinary action by now against Detectives that framed innocent men freed on DNA Evidence and other exculpatory evidence interwoven with torture allegations.

Discipline must be handed down and lawful internal and administrative action must be taken to recoup Justice for torture Victims and Tax Payers who have shelled out Millions of Dollars protecting Jon Burge's Cronies, settling law-suits against the City and said Detectives. Also tax payers continuously foot the bill for the operation of IPRA which had not shown itself approved remedy.

The aforementioned Detectives we believe have been involved in abuse for more than 23 years. We trust that your Office will foreclose their possession of the honor and integrity of the Chicago Police Department. Justice has not been rendered!!!!

Sincerely,

We, the undersigned urge you Chief Administrator to come forward with the results of the Independent Police Review Authorities investigation against the Area One, Two and Three Detectives namely Kenneth Boudreau, James O'Brien, John Halloran, Anthony Maslanka, John Paladino, Michael Kill, Michael McDermott and others Jon Burge cronies.

We are aware that your office re-opened closed investigations against these detectives and interviewed old and new victims of these Detectives.

The alleged Detectives involvement in torture following 1990, resulting in the death investigation of Reginald Cole (who we believe was murdered with James O'Brien's gun) and over 35 exonerations by DNA Evidence, Recantations, Expert Witnesses, etc, has not been investigated for misconduct at the hands of the aforementioned Detectives. All cases of Wrongful Convictions, Acquittals, and Want of Prosecution on behalf of the People of the State of Illinois must be investigated along with the longstanding allegations of torture by men that remain incarcerated.

Upon the establishing of the IPRA the Public was told that investigations would take about 6 months. Acknowledging that an investigation of a large number of Detectives might take longer. We nevertheless expect for you to recommend disciplinary action against the Detectives involved in torture that resulted in convictions that were ultimately overturned based upon DNA Evidence etc. Because it is clear that those men were framed. Please do not lose our confidence by conducting your Administration in a way that OPS done.

Discipline must be handed down and lawful action must be taken to recoup Justice for Torture Victims and Tax Payers who have shelled out Millions of Dollars to protect Burge's Cronies and settle lawsuits against the Detectives and the City of Chicago. Justice has not been served.

Sincerely

We have patiently waited while urging you Chief Administrator to come forward with the results of the Independent Police Review Authorities investigative conclusion against Area One, Two and Three Detectives, namely Kenneth Boudreau, James O'Brien, John Halloran, Anthony Maslanka, John Paladino, Michael Kill, Michael McDermott, George Karl, Angelo Pesavento and other Jon burge Cronies.

We are aware that your Office reopened closed investigations against these and other Deterctives, and interviewed old and new victims of these Detectives.

The alleged Detectives involved in torture, whose actions resulted the death investigation of Reginald Cole and approximately 35 exonerations by DNA Evidence, Expert Witness testimony, Recantation, etc., following 1990 have been investigated for misconduct at the hands of these Detectives, but the results of such investigations have not been forthcoming.

All cases of Wrongful Convictions, Acquittals, Want of Prosecution, along with the longstanding allegations of torture by men; or men implicated by torture victims still incarcerated must be forthright and forthcoming.

Upon establishing the IPRA the Public was told that investigations would take six months. We acknowledge that an investigation of a large number of Stone Walling Detectives might take longer, we nevertheless, expected your Office to recommend some disciplinary action by now against Detectives that framed innocent men freed on DNA Evidence and other exculpatory evidence interwoven with torture allegations.

Discipline must be handed down and lawful internal and administrative action must be taken to recoup Justice for torture Victims and Tax Payers who have shelled out Millions of Dollars protecting Jon Burge's Cronies, settling lawsuits against the City and said Detectives. Also tax payers continuously foot the bill for the operation of IPRA which had not shown itself approved remedy.

The aforementioned Detectives we believe have been involved in abuse for more than 23 years. We trust that your Office will foreclose their possession of the honor and integrity of the Chicago Police Department. Justice has not been rendered!!!!

Sincerely,

RE: Log Number 1035379

Superintendent Weis:

The IPRA received letters from fourteen (14) inmates with the Illinois Department of Corrections who alleged that they were physically and psychologically tortured into confessing to separate murders. These letters are basically identical except for the inmates name.

The allegations are about incidents that occurred in excess of five years ago. Article 6.1D of the Agreement Between the City of Chicago Department of Police and the Fraternal Order of Police Chicago Lodge No. 7 stipulates that "Unless the Superintendent of Police specifically authorizes in writing, no complaint or allegation of any misconduct concerning any incident or event which occurred five (5) years prior to the date the complaint or allegation became known to the Department shall be made the subject of a Complaint Register investigation or be re-opened or re-investigated after five (5) years from the date the CR# was issued."

Approval is sought from the Superintendent of Police to commence this investigation.
